Mark McGuinness Addresses Bill Gates' Attack on Google and Jobs - someperson ====== ww520 Nice gesture, but not really effective. Gates and co. are dead set on achieving their objective to constrain and squash Google and Apple. Some websites using Wordpress run relatively well because Wordpress is open source. They can be run by each individual or even small company to satisfy the mission. ~~~ mattmanser I hate the term 'constraining', it makes them sound like the bad guys when they're not. ~~~ fauigerzigerk But having a budget is just like having constraints. If it makes you feel good to equate the two, then go on and do that. Otherwise, why doesn't the foundation for Open Source make you feel good in the same way? I'd
